## HEYMOONSHAKER (UK)

«Noir» (Differ-ant, VÖ: 23.10.2015)

Dave Crowe & Andy Balcon are made to be together. From 2008 they scoured the Earth, always in the streets; but slowly through concerts and festivals their audience grew. Their debut resembled blues improvisations on vocal rhythms that were never written but progressively built the beginnings of songs. Their talent spread on the internet, with the video «London Part 2» receiving over 20 million views on YouTube. Something was happening...Now, HEYMOONSHAKER are releasing their new record «Noir» (release: 23.10.2015).

The community of fans hasn't grown, it has exploded! Today HEYMOONSHAKER receive tens of millions of views on YouTube which continue to increase each day. Even if the streets still remain their personal playground, in 2014 they performed in no less than 160 concerts across the world on stages as varied as clubs, but quite often these are the stages of the biggest festivals that they return to. Public enthusiasm continues to grow.

The Buzz is often an overused, overrated word in music; the fruit of labour aiming to make noise for little purpose. The Buzz in their case is a consequence which they do not measure themselves. When travelling you do not have time to think of such things, you have no mobile phone, and at best an outdated computer only connected when there's a Wi-Fi connection at the backstage of a festival.

Now it is no longer just beatbox blues that can be found on this album, but a far greater palette. Andy Balcon's voice now surpasses the laments of the classic bluesman, there's now soul and rock. The human rhythms of Dave Crowe offer a range that has never been heard before. Strings embellish certain tracks and it's the collective scale that puts these moments of grace into images. The studio was used day and night, the garden's tranquility was also conducive for the creation process; after that the producer decided to take some rest.

The morning after recording they left for a festival in Italy, the road, concerts, trips...  
Their dream continues and has not finished amazing others.
